ASSAULTED IN ROOM.

Effort Made to Compel Doctor to Sign Away Property.

Los Angeles, Cal., May 1.—O. A. Widaman, an attorney, and A. P. Sanger, both of Los Angeles, have been arrested on a charge of attempted murder.

Guests of the Hollenbeck hotel were startled by a pistol shot in one of the rooms of the hotel. A number of them broke into the room and Dr. W. M. Bell, one of the occupants, was arrested. He explained, however, that the other men in room attempted to make him sign a deed giving his wife all his property, valued at \$100,000, and upon his refusal they attempted to kill him. Upon this showing two alleged assailants were arrested. Bell says through the machinations of Sanger and Widaman he has been estranged from his wife. Bell owns much property at El Paso, Tex.

Jamestown, N. Y., May 1.—Snow was ten inches deep Friday morning.

TAKEN TO PITTSBURG.

Messenger Roshon Did Not Go to His Residence.

Columbus, O., May 1.—The St. Louis express on the Pennsylvania railroad, that was held up Thursday night ten miles west of Pittsburgh, arrived here at the union station early Friday, forty minutes late. The crew confirmed the story of the holdup by two men at Walker's Station and the bandits escaping with four sealed bags. The crew states a number of express packages and a quantity of gold bullion was taken, but do not know the value of the property. The Adams Express company officials here refuse to make any statement.

Noah H. Roshon of Columbus, the express messenger, states two men entered his car east of Walker's Station and covered him with revolvers. Then they tied him with ropes they brought with them and rifled the car. As the train approached Walker's Station, where it does not stop, they pulled the signal cord and stopped the train. They made their escape when the train slowed up. It is believed the booty taken is of great value and it may exceed estimate of \$10,000 sent out from Pittsburgh.

Roshon was taken to Pittsburgh by Superintendent Brosius of the Adams Express company. Roshon did not even go home after arriving here, but telephoned his wife and was then closeted with Mr. Brosius. All sorts of rumors are current here regarding the robbery.

Messenger Roshon has been in the employ of the Adams Express company as messenger for about nine years. Previous to that he was a conductor on the Panhandle road, having worked himself up from brakeman. In all he has worked on railroads about twenty years. He is fifty-three years of age.

CANCER OF STOMACH.

New York Paper Says Hon. Grover Cleveland Has This Malady.

New York, May 1.—The Evening World gives prominence to the following:

There is a report current in financial circles, emanating from the offices of the Equitable Life Insurance society, that former President Cleveland is a sufferer from cancer of the stomach, and his case has been pronounced hopeless by specialists called into consultation by Dr. J. D. Bryant of this city, the family physician.

Mr. Cleveland remains at Lakewood hotel, Lakewood, N. J., although the house closed for the season ten days ago. His wife and children are the only guests.

Efforts to confirm the Evening World's statement were unavailing Friday.

Denied at Lakewood.

Lakewood, N. J., May 1.—At the Lakewood hotel Friday it was said Mr. Cleveland was making satisfactory progress and there was no material change in his condition. Reports that former president's case had assumed a grave aspect were denied.

HOUSE DYNAMITED.

Inmates Thrown Many Feet, Being Both Injured and Stunned.

Wardner, Ida., May 1.—From a home blown to atoms by dynamite E. A. Carlsen and wife reached Kingston, eight miles below Wardner. The Carlsens had just completed a large house on their ranch on the north fork of the river. Thursday night just after retiring a terrific explosion took place, completely demolishing the house and furniture and throwing the inmates many feet through the air, injuring and stunning them.

The hired man was found fifty feet from the house in dazed condition. All animals in the barn were killed or injured and the barn torn down.

It is said that some Finns in the woods nearby have been making threats against settlers.

MONEY, NURSES, TENTS.

Cash Sent and Other Wants Are to Be Speedily Supplied.

Washington, May 1.—Major Devol, in charge of relief work in behalf of storm sufferers in the south, made a telegraphic request for tents for 2,500 people and thirty hospital tents. These will be sent at once to Hattiesburg, Miss., probably from Philadelphia, upon request. Major Devol was telegraphed \$2,000 cash by the Red Cross society. He also asked for twenty-four nurses. Six of these will be sent from Philadelphia and six from Washington by the Red Cross society, while twelve of the hospital corps go at once from here.

COLLIDE IN FOG.

Steamships Come Together Off the Coast of Germany.

Berlin, May 1.—The North German Lloyd steamer Koellin, which left here for Baltimore and Galveston, was in collision in a thick fog with the Hamburg tank steamer Emperor Nicholas II, nine miles off Norderney. The Emperor Nicholas II struck the Koellin amidship. The steamer Feldmarschall, German East African liner, responded to signals and took off 820 passengers from the Koellin. One child was drowned during the transfer.

Voting in Primary Election

Citizens Must Strike Out Names of All Candidates For Whom They Do Not Want to Vote.

In view of the fact that the ballot to be used in the Democratic primary election of May 2 is rather unusual in form, some little explanation may facilitate voters in preparing it. A facsimile of the ticket is given below:

DEMOCRATIC OFFICIAL TICKET

For election of Delegates at large and alternates at large to National Democratic Convention

PLEDGE—I am a Democrat, and pledge myself to support the Democratic Presidential Electors nominated by the Democratic Party in 1908, and the nominees of the Democratic Party, to be nominated in the primary election to be held in Texas, in July, 1908.

FOR DELEGATES AT LARGE TO THE NATIONAL DEMOCRATIC CONVENTION

No. 1. ~~J. W. Bailey~~	No. 1. Core Johnson
No. 2. ~~M. M. Brooks~~	No. 2. O. T. Holt
No. 3. ~~James I. Storey~~	No. 3. Cullen F. Thomas
No. 4. ~~Andrew J. Baker~~	No. 4. Lee Young

FOR ALTERNATES AT LARGE TO THE NATIONAL DEMOCRATIC CONVENTION

No. 1. ~~B. F. Looney~~	No. 1. Marshall Hicks
No. 2. ~~J. R. Kubena~~	No. 2. R. C. Dial
No. 3. ~~J. R. Bowman~~	No. 3. Alvin C. Owsley
No. 4. ~~C. I. Roach~~	No. 4. Walter Tips

The names of the candidates on the Bailey ticket, nominated at Fort Worth, appear in the first column, on the left of the ballot.

The names of the candidates on the anti-Bailey ticket, nominated at Waco, appear in the second column, on the right of the ballot.

The voter should mark out, with BLACK INK OR PENCIL, the names of the candidates for whom he DOES NOT want to vote, leaving the names of those candidates for whom he wants to vote stand as they are.

A man who wants to vote AGAINST the Bailey ticket would mark his ticket as is indicated in the facsimile of the ballot above printed.

A man who wants to vote FOR the Bailey ticket would do just the reverse. That is, he would leave the name of Bailey and all the names printed below it stand, and would mark out the name of Johnson and all below it.

The use of anything but a black ink or pencil in marking the ticket will invalidate it. Any marks placed upon the ballot, other than to strike out names, as suggested in the foregoing, will invalidate it, except that the presiding officer of the election is required to affix his signature and the number of the ballot upon the back of same, after it has been prepared and folded by the voter.

Many people have come to Texas during the past two years and are not familiar with the laws, rules and customs of this state with reference to voting. Some of them have come from states where the voter is required to place a cross mark (x) before the name of each candidate for whom he wants to vote, or at the top of the ticket which he chooses, and he is forbidden to mark out any of the names. Such voters must understand that that kind of marking will render his ballot void in Texas.

He must simply draw a line with BLACK INK OR PENCIL through the name of every man that he wants to vote against, and must not put any other marks upon the ballot.

Look up your poll tax receipt or exemption certificate, and take them with you to the polls.

Any person who is otherwise qualified to vote, and was not subject to the payment of a poll tax on Jan. 1, 1907, can vote without a poll tax receipt or an exemption certificate, provided he resides outside of a city of 10,000 or more inhabitants.

However, no person will be permitted to vote in the primary unless he takes the following pledge:

"I am a Democrat, and pledge myself to support the Democratic presidential electors nominated by the Democratic party in 1908, and the nominees of the Democratic party to be nominated in the primary election to be held in Texas in July, 1908."

THOUGHTS ON MEMORIAL DAY.

The following paper by Mrs. J. D. West was read at the Decoration Day exercises of L. S. Ross Chapter, U. D. C., April 25:

Once more we assemble with memorial exercises and floral offerings, "Lest we forget" those to whom we owe all the honor and reverence claimed by heroes of '61-'65, who lie in yonder silent "city of the dead."

"Breathes there a man with soul so dead

Who unto himself hath never said

This is my own, my native land?"

Then surely that is a dead soul who fails to accord the honor due the heroes who fought, bled and died for this dear native land. "Greater love hath no man than this, that man lay down his life for his friends."

The memory of some of us runs back to the days, near half a century ago, when these brave souls stepped forth into the ranks of their country's defenders. How their bosoms must have glowed, and their eyes kindled with the pride of honest manhood which shrinks from no hardship, fears no danger in the path of conscious duty. How cheerfully they bore the privations and toils of a soldiers' life, upheld by the thought that upon their fidelity to duty depended the future of all they held dear! And how the mothers, daughters, wives and sweethearts of that devoted band showed their enthusiasm, cheering them on to the field of glory, crushing back into their hearts the sad forebodings that might chill the proud, fond aspirations which served them to do or die!

Time sped on and only those who saw and felt them can know the horrors of those dark days which stretches their blood-stained length through four weary years, and at last set in disaster and ruin—but still borne with unexampled fortitude by the heroic survivors, who accepted defeat as bravely as they rushed to "the fore front of the hottest battle." They sat down "in sack cloth and ashes," but rose like the phoenix from the ashes of the past, and built on its ruins the beautiful homes, and great institutions, civic, religious and educational, which are the pride of our Southland. These are the work of our heroes, the living and the dead. All honor to those who fell on the ensanguined fields of war! All honor to the survivors, wrecked in fortune and physique, who have since laid down their burdens at the gates of the grave's peaceful haven! All honor to those who still inhabit the walks of men, wearing the heavy crown of age, and better still, the crown of love and reverence of their fellow citizens, still giving their lives to the service of God and home and native land! Ah, yes! It is oftentimes far nobler to accept defeat with this magnanimous spirit of patience, resignation and courage to arise and repair disastrous condi-

tions, than to achieve what the world calls victory.

April 26, 1900, witnessed the inauguration of memorial day exercises in Bryan by the veterans of camp J. B. Robertson, U. D. C. and L. S. Ross chapter U. D. C. and to the credit of our chapter be it recorded that in all these eight years without a single exception, the day has been annually observed with reverent faithfulness, often with little encouragement from those who should have honored with us this occasion as one of the most sacred of patriotic duties. And I trust that while L. S. Ross chapter exists she will ever be faithful to this duty—that the last resting places of the heroes of '61-'65 may on each succeeding memorial day be strewn with the tender floral tributes that speak so sweetly and eloquently of our love and reverence for those who gave, their lives in defense of their beloved country.

Sisters of L. S. Ross chapter! I shall perhaps no more be permitted to join you in this labor of love; but wherever I go I shall be with you in spirit, and memorial day with its social, no less than its patriotic associations will ever be sacred with me—sacred to the ties of friendship no less than to the memories of the civil war.

TWO THOUSAND FARMS ON THE MARKET.

Washington, D. C., May 1.—The government placed on the market today more than 2,000 farms, and will allow their purchasers ten years within which to pay for them. The area of the farms ranges from ten to 160 acres and they are all close to railroad connections. The farms are made available by the completion and development of irrigation projects in the West.

In Nevada, in connection with the Truckee-Carson project, farms of eighty acres can be taken up with an entry fee of \$8 and \$3 per acre annually for ten years. There are 1,000 of these farms. In Oregon 200 farms are available on the Umatilla project of from ten to twenty acres. These lands will cost from \$600 to \$1200. In South Dakota, on the Belle Fourche project, 175 farms are available in tracts of eighty acres; in Wyoming, 200 on the North Platte project and 200 on the Shoshone project, costing from \$600 to \$1200. Residence and cultivation of the farms will be required of purchasers, and every means is to be taken to guard against speculators getting hold of them.

MANILA BATTLE ANNIVERSARY.

Washington, D. C., May 1.—A bushel basket would not begin to hold the letters and messages of felicitation and good wishes that poured in upon Admiral George Dewey today on the tenth anniversary of the battle of Manila bay. Many of the messages were from personal friends. Others came from admirers scattered throughout the country. The unusual number of the greetings was probably due in large measure to the appeal recently issued by the New York Alumni Association of Lafayette College, calling upon municipalities and institutions of learning throughout the United States to observe "Dewey Day" by forwarding a message of love and sympathy to the hero of Manila bay.

The conflict in Manila bay on May 1, 1898, wrought a great change in the career of the United States as a world power. However unforeseen may have been the events which followed, those in authority in 1898 were by no means unaware of the immediate possibilities of the programme which caused Commodore Dewey to hold his ships at Hongkong, where he had assembled his force of the Asiatic squadron during the latter part of February. It is now well understood that the policy of strengthening and providing these ships with ammunition was urged upon the government by Theodore Roosevelt, then assistant secretary of the navy. In view of the more immediate-

ly interesting events close at hand the operations in the Asiatic waters were forgotten by the general public.

SOUTHWEST TEXAS DIVERSIFICATION.

San Antonio, Texas, May 1.—High prices for forage during the winter just passed has induced the farmers of Southwest Texas to diversify on a large scale by raising alfalfa. Alfalfa raisers have reaped a harvest of dollars off last year's crops. The plants grow so luxuriously that from six to nine cuttings a season are had, and cuts a ton to the acre. John Clossner, sheriff of Hidalgo on the Rio Grande cut nine times last season averaging a ton an acre and \$16.00 a ton. Alfalfa grows without irrigation and does not have to be resown until every third year, and also requires but a slight cultivation. Its roots subsoil the land draining in some cases and furnishing it with a rich supply of fertilizing elements in all cases. Alfalfa feeds upon the air in the soil as well as upon the soil itself, and stores a large amount of plant food in the soil for its own use and that of the crops that come after it. This fact is leading farmers to use it to restore soils that have been used continuously in cotton growing.

To the Democratic Voters of Precincts Nos. 10 & 11

PLEASE READ CAREFULLY:

"The ideals and the traditions of a people are the soul of a people; when these are lowered or surrendered the soul of a people is lowered or surrendered. Far more important, in my judgment, than the institutional forms or constitutional provisions under which a people live are the spirit and principles of the people themselves. If these are high and brave and worthy, they will have good government, whatever the form; if these are low or sordid, they will have bad government, whatever the form of their institutions.

"Will the people of a Southern state, for the first time in their existence, place a man above their principles, vote to approve the conduct of a senator of a sort not known before in their history and hostile to the traditions and the ideals which the shock and ruin of a dreadful war could not lower or imperil?

"Will they teach their youth to turn from the example of Lee, who said and proved by his life that duty is the noblest word of human speech, and bid them learn that, properly, gain may compete with duty in man's allegiance. This is a moral issue and its consequences will reach far beyond this generation.

Mr. J. S. Byars was in the city yesterday from Reliance community, and brought to the Eagle office samples of the finest strawberries we have ever seen here. They were large, luscious and perfectly formed, and as marketable a product as could be desired. Mr. Byars said he planted in February and they have had all the berries they wanted. He says all that is needed to raise strawberries profitably in Brazos county is to take the trouble to do it, and that it will pay for greater returns than cotton. The Eagle hopes there will be an awakening to a realization of this truth regarding strawberries and many other things before long.

BRYAN, TEXAS, MAY 2, 1908.

A first-class base ball team is a nice thing to have. Let's have it.

The game laws do not protect mosquitoes and flies. Go after them.

The weather program for April was almost unlimited in variety.

Bad language by some of the players broke up a ball game at Houston Wednesday.

If the weather man has any consideration for our wishes he won't send any more northerns.

The last message was rather tame but some say the threat to veto the public buildings bill is the biggest stick yet.

The senate concurs with the house in opposition to building more than two new battlements. Roosevelt still insists on four.

If the anti-Taft negroes could have their way it would be Foraker by a large majority. The "lily whites" are divided between Taft and Fairbanks.

There have been fist fights in the Republican conventions of several Southern States, but none of them have equaled the record of Tennessee.

The congressman can "pair" with an opponent and go home to attend to his private business or to repair his political fences, but a farmer can't pair with the weeds.

According to congressional resolution the war department is supplying storm sufferers in Louisiana, Mississippi and Alabama with tents, provisions and other necessities.

In Vienna there is a movement to substitute the military salute for raising the hat in acknowledging the salutation of ladies. All right. We all acknowledge that they are our superior officers.

It is announced from the Waco Prohibition headquarters that the campaign for the State prohibition will be opened in that city by Rev. George Stewart, on May 11.

President Lewis of the Miners' Union spoke of arbitration as a fad. He says after the arbitrators get through the principals always settle the dispute without regard to their action.

Some people commit suicide on slight provocation. In a single paper a few days ago we read of a man who did so because his home team lost a ball game and a woman because one of her boarders complained that his room was ill kept.

Breathes there a man with soul so dead,
Who never to himself hath said,
"A man's unworthy of renown
Who never tries to boost his town."

It comes from Washington that Roosevelt is getting letters urging, begging and beseeching him to run for a third term, at the rate of 400 a day. Nothing wonderful in this; ten men could easily write that many letters.

Several years ago an effort was made to found a woman's colony in Texas and an option on a large body of land in Refugio county was secured, but the effort was abandoned possibly because the plan proposed to admit men as "servants and pets." The Fort Worth Star announces that arrival in that city Thursday of three Chicago women en route to the Pecos country to select a location for a colony from which men are to be excluded absolutely and unconditionally.

BRYAN ON PUBLIC SERVICE.

Judge C. K. Bell Makes Quotations From W. J. Bryan and the Commoner in Speech at Gatesville.

The Eagle takes the following from the speech of Judge C. K. Bell of Ft. Worth, who quotes liberally from the addresses of Hon. W. J. Bryan and from Bryan's Commoner to show the opinion of the great Nebraskan on the subject of public officials accepting fees from public service corporations: "Mr. Bryan said: 'No man who is financially connected with a corporation that is seeking privileges ought to act as a member of a political organization, because he cannot represent his corporation and the people at the same time. He can not serve the party while he is seeking to promote the financial interests of the corporation with which he is acting.'"

This is the sentiment of the man whom we propose to nominate. Should we send as a delegate to make the nomination a man who accepted a \$2,500 fee from the Standard Oil Company? asked Judge Bell.

"Again Mr. Bryan has said: 'I believe the time will come that when a man turns a public office to private advantage, he will be whipped from society along with the embezzler of money.' Again he has said: 'The man who enters politics with the idea that he can make money out of his position is apt to yield to the many temptations which surround him. Most of these temptations come in disguise, especially if the public servant is an attorney. It is a very common thing for legislators to be offered legal business by persons whose sole purpose is to influence them as legislators. One Senator was offered \$10,000 a year to act as associate counsel for a railroad which had business before congress, the offer being accompanied by the assurance that he need not appear in court. Congressmen are often asked to draw contracts for corporations which are seeking favors—the work to be done in private and the compensation to be liberal.'"

An official honor is in sacredness next to a woman's virtue, and one holding a public office can not afford the slightest suspicion to rest upon him. To no one more than to the statesman does the proverb apply—"A good name is rather to be chosen than great riches and loving favor rather than silver and gold."

GREAT RESULTS AT PONCA CITY.

Work of Evangelist Boen Who Comes to Bryan Thursday May 7.

The following is taken from the Ponca City Courier, Ponca City, Okla., in reference to his meeting in that city: "The revival meeting at the Christian church puts Ponca City up with the other cities of the new State in great revival meetings. Rev. Boen and his singer have been here less than four weeks, yet more than a hundred have been added to the Christian church. Yesterday was another record breaker for the meeting when eighteen were added in one single day. These converts are from every avocation of life. Laborers, carpenters, farmers, barbers, butchers, real estate men, merchants, druggists, photographers, physicians and bankers are represented in the list. Indeed it is a great revival. Mr. Boen is a congenial big-hearted man with a smile and a pleasant word for every one who may come in touch with him and he is the same in the pulpit. Not one word will he say against another church or another's religion, but with all the earnestness of his soul he preaches what he believes and why he believes it."

"I am speaking only for Buncombe," exclaimed the representative from the county of that name in the North Carolina legislature, on a historic occasion. Uncle Joe Cannon is a native of North Carolina and is giving the newspaper men some "buncombe" about the paper trust.

When Gen. Phil Shridan said: "The good Indians are all dead," some newspapers denied that the wooden Indian standing in front of tobacco stores was included. But Oklahoma does not concur in this opinion; she has relegated to the reform scrap heap the noble red man who offers every passerby a handful of cigars, but never delivers the goods.

A good many spellbinders will have undergone repairs of their windworks before they can be utilized in another campaign.

NOTES FROM THE LABOR WORLD.

Interesting Items Gathered From the Ranks of the World's Workers.

The next big convention on the labor calendar is that of the Amalgamated Association of Iron, Steel and Tin Workers, which meets next week at Youngstown, Ohio.

The New Hampshire branch of the American Federation of Labor has issued a circular denouncing Secretary Taft as the foe of the workingman.

The governor of Porto Rico has recommended to the legislature a law creating a labor bureau on the island.

The labor unions of Birmingham, Ala., purpose to go into politics, and have already organized a movement in that direction.

There is a movement to organize all the unskilled workmen of Montreal into a big federation along the lines of the Knights of Labor, which existed in that city about twenty years ago.

The Montana State Federation is initiating a petition for submission at the next general election for the employers' liability act, and an act exempting labor unions from injunctions.

Charles March, second vice-president of the International Brotherhood of Painters and Decorators of America and one of the best known labor leaders in Canada, died recently at his home in Montreal.

The Operative Plasterers' International Association is enjoying a steady growth. The latest report from the international body shows that there are now 246 unions under its direction in the United States and Canada.

According to reports received by the Department of Commerce and Labor at Washington thousands of farm laborers can be cared for in New York, New England, the agricultural States of the Middle West, Colorado and other sections of the Southwest and on the Pacific slope.

Unless a radical reform is made, the experimental convict camp at the Meskill rock quarry, State of Washington, will be abandoned. It is estimated that convict labor costs \$2.62 a day. Laborers can be hired for less money, and three hired laborers will do more work than five convicts.

The Farmers' Progressive League, an association of producers in the Sonoma valley, California, and north of there, has indorsed the proposition advanced some time since that farmers, laboring men and general wage earners combine with a view to securing legislation not only beneficial to the three classes named, but to the State at large.

Miss Ray Longworth was admitted recently by the Central Federated Union of New York city as a delegate representing the women in the Hebrew Variety Actors' Union. She took her obligations as a delegate along with a number of men in other trades who were newly elected and went over the usual formula, in which she pledged herself "as a man" to live up to the constitution and by-laws of the C. F. U.

Labor unions were almost unknown in Newfoundland up to 1892. Then the only organization for the protection of the employed was the Typographical Union. Since then, and especially of recent years, unions and societies have sprung up on all sides. Not alone printers, but coopers, shoemakers, carpenters, masons, longshoremen, shop assistants, and others have their own organizations. At the present time the labor bodies in that section have under consideration two great projects—the establishment of a Fishermen's Protective Union, and the federation of all the unions under one supreme council.

FREE BAPTIST QUARTERLY MEETING.

In Progress at Union Hill—Rev. Ferguson of Missouri is Here and Will Preach in this City Sunday Night.

Rev. J. J. Tatum informs the Eagle that the Free Baptist quarterly meeting began with Union Hill church yesterday afternoon and will continue through Sunday with an interesting series of services.

Rev. T. C. Ferguson and family of Pailensburg, Mo., arrived yesterday morning and Rev. Ferguson will preach during the quarterly meeting at Union Hill and will also preach at the Free Baptist church in this city Sunday night. The Eagle learns Rev. Ferguson is here by invitation of the church, and there is probability that he will succeed Rev. J. J. Tatum as pastor.

Rev. Tatum is making his arrangements to leave with his family in May, for their new home at Oelwein, Iowa, where he will serve a large church with modern conveniences and a two story parsonage built in connection with the church property.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The Kidneys, like the Heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, controlling nerves. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is dark, or if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative, which such lasting accomplishments were ever to be had, such original and highly vital principle, no breath and shallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. A FAREWELL RECEPTION.

To Mrs. J. D. West and Miss West—
Souvenirs Presented—Appropriate
Music.

Since Dr. J. D. West announced his resignation of the pastorate of the Presbyterian church in this city and the intention of the family to return to their former home in Mississippi, the people of Bryan and especially Dr. West's parishioners have neglected no opportunity to express the high regard in which this venerable man of God and his estimable family are held. One of the most notable validatory events was the reception at the home of Major and Mrs. L. L. McInnis Monday evening, tendered by the Presbyterian ladies and the pastor's wives of other churches, to Mrs. and Miss West.

The first reception line was in the hall, when Miss West, attended by the ladies of the church, received the guests. Mrs. West and the wives of all the ministers represented in the Pastor's Association did the honors in the library.

The musical program included three numbers, the first being an instrumental solo which was rendered by Mrs. D. Floy Dansby. This was followed by a vocal solo, appropriate to the occasion, by Miss Willie Rogers. The third number was an instrumental solo by Miss West.

In token of remembrance, Mrs. D. Floy Dansby, in behalf of the church, presented Mrs. West a beautiful set of engraved silver spoons. Miss West received as souvenirs a lovely brooch and a signet hatpin, which were presented by Mrs. W. P. Bryan.

All the ladies of the Presbyterian church were present. No guests outside of the congregation were invited except the pastors' wives and the officers of the various guilds and societies of the other churches.

GINGERED UP A BIT.

Campaign Got Lively Yesterday and Was Closed with Public Meetings at the Courthouse and Opera House.

There was plenty doing in the campaign locally yesterday, and the game closed last night in burst of fervid oratory at separate meetings held at the courthouse and opera house.

The anti-Bailey committee got out circulars early yesterday morning announcing a final rally at the courthouse last night. The Bailey people followed with another circular announcing a Bailey round-up at the opera house at the same hour.

Later the anti-Bailey committee challenged the Bailey leaders for a joint debate, and the proposition was declined. Thereafter the anti-Bailey committee issued a circular that the Bailey people had refused the joint discussion and would not meet the opponents of Senator Bailey on the same platform and discuss Baileyism. This was later replied to by the Baileyites in a published statement.

Both meetings were accordingly held and speeches were made by leaders of the respective sides. The Bohemian Club Band furnished music for the anti-Bailey meeting at the courthouse and the College band for the rally at the opera house. Much enthusiasm prevailed and the speakers were warmly applauded.

EXAMINING TRIAL HELD.

The examining trial of Ed Mathews, colored, charged with the murder of the negro, Gabe Evans, whose body was found in Cedar creek, near Edge, was held at the courthouse in this city yesterday. The district and county attorneys and lawyers for the defense participated in the hearing which was held before Justice McGee.

Ed Mathews was denied bail by Justice McGee. Sam Harris was allowed bail in the sum of \$750; Mary Evans, widow of the deceased, allowed bail in the sum of \$350, and Lenard Evans, step-son of the deceased, allowed bail in the sum of \$50. All are negroes and were held in connection with the case.

FINE STRAWBERRIES.

Mr. J. S. Byars was in the city yesterday from Reliance community, and brought to the Eagle office samples of the finest strawberries we have ever seen here. They were large, luscious and perfectly formed, and as marketable a product as could be desired. Mr. Byars said he planted in February and they have had all the berries they wanted. He says all that is needed to raise strawberries profitably in Brazos county is to take the trouble to do it, and that it will pay for greater returns than cotton. The Eagle hopes there will be an awakening to a realization of this truth regarding strawberries and many other things before long.

TRUSTS AND THE PRESS

Senator Davis Takes These as His Subjects.

SCORES TWO MILLIONAIRES

Rockefeller, Standard Oil Company and Morgan Should Be Indicted For Treason and Newspapers Denounced in Vigorous Language.

Washington, May 1.—In the senate Friday Senator Jefferson Davis spoke on his resolution offered Tuesday to discharge the committee on the judiciary from the further consideration of his bill "for the suppression of trusts, pools, and combinations in trade."

Reading his speech he denounced the trusts, commended the president's recent message measures for relief, spoke of the removal of the motto, "In God We Trust," from the coins, and declared that John D. Rockefeller, the Standard Oil company and J. Pierpont Morgan should be indicted for treason. He also paid his respects to the press, his remarks in that connection being as follows:

"Let the scavengers of plutocracy howl; truth, God's loving truth—where are its defenders? Miserable travesties upon noble manhood, post-graduates in all arts of slander or defamation. I challenge the subsidized press; the people know your designs

JEFF DAVIS.

and spurn your pretense, whether under show of argument or more servient hypocrisies. Go, damnable imps of pelf and greed, I defy your taunts. Tear to fragments my political career if it comport not with your will. Stifle and distort my every utterance. Not satisfied, if such be your brutal frenzy, lash my poor form into insensibility.

"Then, if it be your further pleasure, gnaw from my stiffening bones every vestige of quivering flesh. Howl in wretched bestiality though my own innocent blood drops from your fiendish visages. Drag then, if you want, what remains into the fifth and the vermin of your foul dens and burn it upon the altar of Baal or scatter it before the friendly winds of heaven, to your betters—the carrion crows of the field. All that they may do, all and more, if there yet be open further depth of infamy to a polluted, besotted press. These ready servants of greed, what they have not done, or attempted to do faster still more securely an autocracy upon us? It seems to be their special function, not simply to pervert truth, but to threaten and terrorize public men. Dare a senator align himself with the people? What? Yes! Men, illustrious voices here and elsewhere against the march of plutocracy to fall ambushed, politically assassinated, and by whom? By the trusts wearing masks. Ah, sir, newspaper masks. But, Mr. President, insignificant as am I, if my political career be marked, let them sharpen their blades, for I will be here at the appointed hour and while here only God can stay my voice in behalf of organized united labor and the yeomanry of America."

BRYAN THE MAN.

DeArmond Declares Him to Be the Logical Presidential Nominee.

Washington, May 1.—Representative DeArmond of Missouri, in an address before the District of Columbia Democratic association, declared the people of Missouri look upon Hon. W. J. Bryan as the logical candidate for president and Missouri's delegates will support him unanimously at the Denver convention.

Mr. DeArmond said in part: "Some people criticize Mr. Bryan and say he ran in 1896 and he ran in 1900; that he is a perpetual candidate. He is the man always to the front. However, he got there with less self-seeking, and no man is in more thorough accord with wishes of those who followed him than Mr. Bryan."

"Is there anything wrong in being willing to stand again as the candidate of his party if his party wants him? What is he doing now, or what has he done to put himself in the way of the nomination at Denver that any man can criticize? He stands as an honor to our American citizenship. He stands as one of the highest noblest types of men—a Christian, patriotic gentleman."

BRYAN AND JOHNSON.

That Is the Ticket Many Alabama Democrats Want to Vote.

Birmingham, May 1.—A petition with sufficient names attached was forwarded to Chairman Mallory of the Democratic state executive committee, asking that the name of Governor Johnson of Minnesota be placed on the ticket for the Democratic primary alongside that of William J. Bryan.

EIGHT BURGLARIES.

Physician Has to Face Number of Serious Charges.

San Francisco, May 1.—Dr. W. W. Goelet, a graduate of Columbia college and a traveler, who was married to a young society woman of Oakland four months ago, is in Berkeley city prison charged with the burglary of eight residences and apartment houses at Oakland and Berkeley. His name appeared on most of the hotel and apartment houses registers as D. F. Wythe, an alias he acknowledged. Berkeley police had Goelet under surveillance for two days and by visiting places they believe that will hold him on several charges.

Goelet's methods, according to the police, were to engage rooms in high class hotels and apartment houses, then plunder them right and left. Some time ago he traveled with Benjamin Fay Mills, the pulpit lecturer, as Mills' private secretary. He was also secretary for Dr. Biddewolfe, the noted evangelist. Goelet is thirty-five years old and a native of Virginia.

RECEIVER FOR THREE.

George C. Hitt Takes Charge of That Number of Newspapers.

Indianapolis, May 1.—George C. Hitt, formerly business manager of the Indianapolis Journal, was appointed receiver for the Indianapolis Star, Muncie Star and the Terre Haute Star, known as the Star league of newspapers. The receiver was asked for by Daniel G. Reid of New York, chairman of the board of the Rock Island railroad. Reid, whose former home was at Richmond, Ind., alleges insolvency and inability to pay \$250,000, which he has advanced to pay current expenses. Reid is one of the largest stockholders.

LEOPARDS JUMP BARRIER.

Boy Badly Clawed and Prompt Action Averts a Panic.

Baltimore, May 1.—During a performance at the Zoo two leopards jumped the barrier, landing among the audience. A boy, Louis Long, was badly clawed about the face and neck, and a panic that would almost certainly have meant the loss of many lives was averted by the prompt action of Police Sergeant Barranger in closing the exit door and allowing only one or two of the terrified people to descend the stairs at a time. Long is believed to have sustained fatal injuries.

FAVORABLE TO PURCHASE.

House Committee on Foreign Relations Will So Recommend.

Washington, May 1.—The house committee on foreign relations decided to report favorably a bill providing for the purchase abroad of American embassy, legation and consular buildings, and providing that not more than \$1,000,000 shall be appropriated each year for this purpose. For this year the bill appropriates \$500,000 for the purchase of embassies at Berlin and the City of Mexico, and \$500,000 for the purchase of consulates at Shanghai and Yokohama.

Governor Campbell Not to Vote.

Austin, May 1.—Governor Campbell said he would not have time to go to Palestine to vote, as he makes a speech at Sonora, Sutton county, Monday. Quite a number of state officials and clerks left for their homes to vote.

Dividend Declared.

Philadelphia, May 1.—The directors of the Pennsylvania Railroad company declared a semi-annual dividend of 3 per cent, which is a reduction of one-half of 1 per cent from the last semi-annual dividend, and places the stock on a 6 per cent basis.

New York Egg Receipts.

New York, May 1.—Egg receipts Thursday were 34,521 cases.

President Sends Condolence.

Washington, May 1.—President Roosevelt sent his condolence to the emperor of Japan regarding the blowing up of a Japanese cruiser with heavy loss of life.

Aged Lady Passes Away.

Dallas, May 1.—Mrs. Lucinda Neely, a resident of this city forty-four years, is dead. She lacked four months of reaching the one hundredth milestone on life's highway.

Two Horse Tales.

An Albanian who had been in an eastern state while freshets were in full swing told the following about a horse which had been attached to a footbridge crossing a brook to keep the structure from going adrift. The flood finally swept horse and bridge down stream. Later the bridge was discovered lodged against the bank, with the horse sitting quietly on the former.

A bystander who had listened intently to this tale remarked quietly: "I see suthin' simliyar onet."

"Indeed? What was it?" asked the story teller.

"Ye see," was the reply, "arter the hoss I see was took down stream no buddy ever 'spected to see him alive ag'in. But he was a pow'ful sort o' brute, an' 'bout a hour arterward we see him a-comin' up stream a-pullin' the blame old bridge arter him!"—Albany Journal.

JNO. C. VICK MILLING FEED, GRAIN

The reason home ground meal is giving such satisfaction to all who have tried it is corn is classified into four reductions, viz: Corn starch, corn flour, bolted meal, and bran. Corn starch and corn flour is the nutritious part of the grain which is extracted. Bolted meal is the flint part. Home ground meal you get it all and get it fresh. We make our own chops from best shelled corn in car lots. The advantage in freshness and purity is obvious without further comment.

Bring your corn and have it ground into chops or meal, and let me sell you feed stuff.
